

LVRSCCA Board Meeting Agenda  
February 22, 2022

Call to Order Brian  
Attendance Attached

Chair Reporting

Treasurer Report Chelsea/Brian

Looks bad because of outlay to speedway but not caught up from MSR

New cones purchased and at Bus

Banquet is also on the report

Solo Paul Parquette

Grid needs to be able to accommodate 40 cars

Mix of New and Experienced and lets be age/incapacitated aware

Chris is working on a list

Need to make sure that work is work and not a social event. Or a lounge event - sitting on the wall.

Course Design/Setup Brandon

Going better and lots of volunteers and clean up is quick.

Finish design - make sure that people don't get loopy and or don't run over the karts in grid.

Bought 220 cones and will replace all of the black bottom cones. What to do with the leftovers - directional and some members want to purchase some maybe a dollar? Lets keep 15-20 max - let's put it on FB

Make a sign with purchase price of all the - stuff

Registration Star

Went well - a couple of late and there was a car number issue

Still short on LVMS waivers almost completely OUT

Car numbers - make sure it is the right number We can print the list with car numbers

Tech Report Dennis

The 2 day event tech only check on the first day. Went really quickly.

Got a late start no real situation. Some old helmets.

Membership Gerin Toguchi

No big news

National Brain

This is the last meeting before we break out into small group meetings

Just started gathering all the volunteers - Waiver tables - only one - 4 or 5

James Eaton is course design and Brandon is set up Grid chief and setup crew handle that together

Welcome party? West coast kick off

T-Shirts? Reuse the last design - with an update

Poker Chips? Just to give out to all the participants

Track Events

Jeremy

December 4th and we are going to cancel the conflicting autocross.

We can use our Track Event a Time Trial and use the fast lap app wich tracks times and shares. Transponders not needed

New Other Business

Test and Tune ReCap

15 runs - Increase number of participants don't promise a set number of runs just say you will get x amount of time for the run group. No promises means fewer hurt feelings.

Like live timing for self improvement. No classes just a whole group - NOT a competition. Not loosing a run for an instructor run worked well and this can be implemented in regular events.

Class Exception membership result

As a region the members of a class can decide to allow an exception of the official rules to allow participation

Cone Purchase - 250 purchased

Helmet Purchase - 10 helmets were eliminated. The SCCA foundation is doing a subsidization of helmet purchase for loaner programs - the amount is estimated to be in the range of 75 each this is a discount of over 100. We need to purchase 17+ helmets. The price is right. Lets expand to 20 to fill a few extra XXL

Tape and Supplies

More white tape.

Possibility of the loan of magnetic numbers instead of tape.

Banquet

Special Awards

Food for 45 lowers cost

MSR Texting

We will check on this again - we haven't been able to pay for it yet

School Update

We have a good number of instructors

Meeting Schedule-Posted Link

Pulls off MSR and need to figure out how to post them but not open for registration.

**Adjournment:** 8:36

**Next Event** 3/13/22

**Next Meeting** 3/29/22

**Attendance:**

Dennis  
Bart  
Brian  
Jill  
Chris  
Paul  
Star  
Gerin
